

Woodfield Community Primary School

E-Safety Policy

E-Safety encompasses Internet technologies and electronic communications such as mobile phones as well as collaboration tools and personal publishing. It highlights the need to educate pupils about the benefits and risks of using technology and provides safeguards and awareness for users to enable them to control their online experience.

The Schools' e-Safety Policy to reflect the need to raise awareness of the safety issues associated with electronic communications as a whole.

The school's e-safety policy will operate in conjunction with other policies including those for anti bullying, positive behaviour, Curriculum, Data Protection and Security.

End to End e-Safety

E-Safety depends on effective practice at a number of levels:

- Responsible ICT use by all staff and students; encouraged by education and made explicit through published policies.
- Sound implementation of e-safety policy in both administration and curriculum, including secure school network design and use.
- Safe and secure broadband including the effective management of filtering through Schools ICT services
- National Education Network standards and specifications.

Writing and reviewing the e-safety policy

The e-Safety Policy is part of the School Development Plan and relates to other policies including those for ICT, bullying and for Child Protection.

The school will appoint an e-Safety Coordinator. R. Howlett

Child Protection designated person. L.Patrick

Our e-Safety Policy has been written by the school, It has been agreed by senior management and approved by governors and parent council.

The e-Safety Policy and its implementation will be reviewed annually.

The e-Safety Policy was revised by: Staff and Governors

Teaching and learning

Why Internet use is important

- The Internet is an essential element in 21st century life for education, business and social interaction. The school has a duty to provide students with quality Internet access as part of their learning experience.

- Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils.

Internet use will enhance learning

The school Internet access will be designed expressly for pupil use and will include filtering appropriate to the age of pupils. This will be managed by North Yorkshire ICT services

Pupils will be taught what Internet use is acceptable and what is not and given clear objectives for Internet use.

Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation

Pupils will be taught how to evaluate Internet content

The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.

Pupils should be taught to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.

Managing Internet Access

Information system security

School ICT systems capacity and security will be reviewed regularly.

Virus protection will be updated regularly.

Security strategies will be discussed with North Yorkshire LA.

E-mail

Pupils may only use approved e-mail accounts on the school system.

Pupils must immediately tell a teacher if they receive offensive e-mail.

Pupils must not reveal personal details of themselves or others in e-mail communication, or arrange to meet anyone without specific permission.

E-mail sent to an external organisation should be written carefully and authorised before sending, in the same way as a letter written on school headed paper.

The forwarding of chain letters is not permitted.

Published content and the school web site

The contact details on the Web site will be the school address, e-mail and telephone number. Staff or pupils' personal information will not be published.

The headteacher will take overall editorial responsibility and ensure that content is accurate and appropriate.

Publishing pupil's images and work

Pupils' full names will not be used anywhere on the Website, particularly in association with photographs.

Written permission from parents or carers will be obtained before photographs of pupils are published on the school Web site.

Social networking and personal publishing

The school will filter access to social networking sites.

Newsgroups will be blocked unless a specific use is approved.

Pupils will be advised never to give out personal details of any kind which may identify them or their location.

Pupils and parents will be advised that the use of social network spaces outside school is inappropriate for primary aged pupils.

Managing filtering

The school will work with the LA, DfES and the Internet Service Provider to ensure systems to protect pupils are reviewed and improved.

If staff or pupils discover an unsuitable site, it must be reported to the e-Safety Coordinator.

Senior staff will ensure that regular checks are made to ensure that the filtering methods selected are appropriate, effective and reasonable.

Managing emerging technologies

Emerging technologies will be examined for educational benefit and a risk assessment will be carried out before use in school is allowed.

Mobile phones will not be used during lessons or formal school time. The sending of abusive or inappropriate text messages is forbidden.

Protecting personal data

Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998.

Policy Decisions

Authorising Internet access

All staff must read and sign the 'Acceptable ICT Use Agreement' before using any school ICT resource.

The school will keep a record of all staff and pupils who are granted Internet access. The record will be kept up-to-date, for instance a member of staff may leave or a pupil's access be withdrawn.

At Key Stage 1, access to the Internet will be by adult demonstration with directly supervised access to specific, approved on-line materials.

Parents will be asked to sign and return a consent form.

Assessing risks

The school will audit ICT provision to establish if the e-safety policy is adequate and that its implementation is effective.

Handling e-safety complaints

Complaints of Internet misuse will be dealt with by a senior member of staff.

Any complaint about staff misuse must be referred to the headteacher.

Complaints of a child protection nature must be dealt with in accordance with school child protection procedures.

Pupils and parents will be informed of the complaints procedure.

Discussions will be held with the Police Youth Crime Reduction Officer to establish procedures for handling potentially illegal issues.

Communications Policy

Introducing the e-safety policy to pupils

E-safety rules will be posted in all networked rooms and discussed with the pupils at the start of each year.

Pupils will be informed that network and Internet use will be monitored.

Staff and the e-Safety policy

All staff will be given the School e-Safety Policy and its importance explained.

Staff should be aware that Internet traffic can be monitored and traced to the individual user. Discretion and professional conduct is essential.

Enlisting parents' support

Parents' attention will be drawn to the School e-Safety Policy in newsletters, the school brochure and on the school Website.
